Rental Criteria for Pets

Policies on domestic pets vary from property to property. Certain owners do not permit any pets while other owners may permit only a specific pet type or a maximum number. Please refer to the listing agent for the property for which you are applying. The following guidelines apply:

1. If the property owner is allowing pets under the age of 24 months, additional pet deposit funds may be required.
2. All pets must be licensed and current on vaccinations. (Proof of vaccinations is required for owner approval prior to application(s) being processed).
3. Non-Insurable dog breeds will not be accepted. Please see below for the list of dog breeds not accepted.
4. No Aquariums larger than 10 gallons allowed.
5. No ferrets, reptiles, or rodents of any kind are permitted as pets.
6. All birds must be confined in cages and not allowed to reside outside of their cage.
7. A pet deposit is required for each pet. A minimum \$400 pet deposit is required for each medium pet (under 50 pounds full grown); a minimum \$500 pet deposit is required for each pet over 50 pounds full grown.
8. Regarding Service/Support animals, there is a difference between an ESA (Emotional Support Animal) and a Service Animal under the ADA (American Disability Act). An ADA qualified Service Animal will not be charged a pet deposit, and would not be the reason for denying an application, nor would an ADA qualified Service Animal be removed from the property. A qualified Emotional Support Animal will not be charged a pet deposit nor be the reason for denying an application, however if an ESA animal becomes a disturbance or nuisance it can be removed from the property. The applicant understands that for either an ESA or a Service Animal the following applies: "If a public entity normally charges individuals for the damage they cause, an individual with a disability may be charged for damage caused by his or her service animal" [(\$ 35.136(h)).
 - a. Only trained dogs who do work or perform tasks other than emotional support, companionship, etc., are covered under ADA. See 28 C.F.R. §§ 35.104, 36.104
 - b. **For an ESA, applicant must provide a letter from their physician or psychiatrist in the state of their most recent residential location stating their animal is their ESA and is required for the active treatment of a diagnosed and current mental health disorder. The document must be on the medical**

professional's letterhead, signed and dated with a date not older than 1 year from the time applicant is applying.

- c. A Service Animal under the ADA is a dog that has been individually trained to do work or perform tasks for an individual with a disability. The task(s) performed by the dog must be directly related to the person's disability [Section 504 means section 504 of the Rehabilitation Act of 1973 (Pub. L. 93-112, 87 Stat. 394 (29 U.S.C. 794)]. **Applicant *may* be required to provide a letter from a Medical Professional (physician, psychiatrist, social worker, or other mental health professional) stating the animal provides assistance with an existing disability if the disability or the needed task is not readily apparent.** The type of disability is not to be disclosed and the task that animal assists with is not to be demonstrated, the letter will be sufficient (HUD pg 3-4, FHEO Notice: FHEO-2013-01).
- d. Applicants found to be fraudulently misrepresenting their pet as an ESA animal are breaking state and federal law and will be reported to the proper authorities. Tenants found to be fraudulently misrepresenting their pet as an ESA animal will be required to pay the current pet deposit based on the weight of their pet and the \$10 per day for the length of duration the pet was found to be posing as an ESA. **Misrepresentation of a service animal in the state of Texas is a misdemeanor and carries a punishment of a fine of \$300 and 30 hours of community service. We know and follow the law and encourage you to do the same.**
